

# make a dump truck

1. Cut sections A, B, C, D, E, X and Y from MDF or birch plywood using the patterns on the following pages.

2. Cut H (side panels) from wood paint stir sticks. (Or cut 1 inch x 4 inch sections from MDF if paint sticks are not available)

3. F, G, and J are inexpensive wood shapes. Please refer to website instructions to find out where to buy.

F - is a wood button shape (3/4 inch diameter)

G - is a wood toy wheel (2 1/2 inch diameter)

J - is a wood circle shape (1 inch diameter)

4. Z is a square wood dowel (3/4 inch diameter) cut to a length of 14 inches

**B**

## TOP OF DUMP TRUCK BACK

Cut 1 from 1/2 inch thick MDF
